ROBERT V. MISEREZ

Members of the Missouri Development Finance Board:

We are pleased to submit the comprehensive annual financial report of the Missouri Development Finance Board (the "Board") of the State of Missouri for the fiscal year ended June 30, 2008. The accounting department prepared this report, while responsibility for both the accuracy of the presented data and the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control that was established for this purpose, rests with the Board. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

Williams Keepers LLC, Certified Public Accountants, have issued an unqualified ("clean") opinion on the Missouri Development Finance Board's financial statements for the year ended June 30, 2008. The independent auditors' report is located at the front of the financial section of this report.

Management's discussion and analysis (the "MD&A") immediately follows the independent auditor's report and provides a narrative introduction, overview, and analysis of the basic financial statements. This letter of transmittal is designed to complement MD&A and should be read with it, as well.

PROFILE OF THE GOVERNMENT

The Missouri Development Finance Board is a "body corporate and politic" created by the State of Missouri. Its statutory citation is the Revised Statutes of Missouri (RSMo) 100.250 to 100.297. The Board's primary function is to structure and participate in the financing of Missouri business and public infrastructure. The Board is classified as a proprietary fund and is a discretely presented component unit within the State of Missouri's Comprehensive Annual Financial Report.

The original development board was created by Missouri statute in 1982 as the Missouri Industrial Development Board. The current legislative authorization dates to 1993 and was the fourth major statutory change since 1982. Each of these changes resulted in increased authority and responsibility for the Board in economic development and infrastructure financing.

The Board provides a diverse array of financing programs to carry out its mission of facilitating economic and infrastructure development projects. The Board administers thirteen different programs that correspond to its mission to benefit the citizens of the State of Missouri. The Board's programs include:

- Revenue bonds for private commercial and nonprofit projects.
 Pursuant to RSMo 100.275, the Board is authorized to issue revenue bonds for purposes permitted under RSMo 100.255, including the purchase, construction and improvement of facilities used for manufacturing and other commercial purposes, and for recreational and cultural facilities.
- Revenue bonds for public infrastructure projects.
 The Board is also authorized to issue its revenue bonds to finance essential infrastructure improvements and related work for local governments, state agencies and qualified public/private partnerships.

3. Missouri Tax Credit for Contributions.

Missouri Statute 100.286.6 authorized the Missouri Tax Credit for Contributions program. Through this program, the Board is authorized to grant tax credits equal to fifty percent of contributions. Contributions are used to pay the costs of projects for Missouri governmental, quasi-governmental and nonprofit entities which have been approved by the Board. Per statute, during any calendar year, the Board is authorized to issue no greater than ten million dollars or five percent of the average growth in general revenue receipts in the preceding three fiscal years. The statutory limitation can be exceeded with the consent of the Directors of the Department of Economic Development and Revenue and the Commissioner of Administration.

4. Tax Credit Bond Enhancement Program.

The Tax Credit Bond Enhancement Program provides a tax credit enhancement on behalf of public entities for certain bonds. This program uses the Board's bond tax credits as collateral.

5. Direct Loan Program.

The Direct Loan Program provides direct loans at reasonable interest rates.

6. BUILD Missouri (Business Use Incentives for Large-Scale Development) Program.

The BUILD Missouri Program is an incentive tool that allows the Department of Economic Development and the Board to finance a portion of the costs of qualifying capital investments for eligible businesses that seek to locate or expand in Missouri and create a significant number of new jobs. The incentives offered by BUILD are designed to offset infrastructure and other capital costs of certain large projects by making the cost of investing in Missouri more competitive.

7. Quick Loan Program.

The Quick Loan Program is to provide Missouri governmental and quasi-governmental entities quick access to short-term loans at tax-exempt rates. Loans should be for a minimum of \$250,000 with a maximum maturity of seven years. Loans need not be secured by any property and may be subject to annual appropriation. Borrowers must have a demonstrated history of repayment ability.

8. Missouri Infrastructure Development Loan Program ("MIDOC").

The MIDOC Program offers long-term, low-interest loans to local political subdivisions, including public water and sewer districts, to fund infrastructure improvements. Water and sewer projects addressing public health and safety receive priority. The Program is structured as a revolving loan program with repayment proceeds used to provide additional loans for eligible infrastructure projects. Interest rates are three percent with a maximum loan amount of \$100,000; however, if there is a critical need and with Board approval this maximum loan amount may be exceeded.

9. Loan Guarantees.

The Board is empowered under RSMo sections 100.250 to 100.297, as amended, to guarantee loans to credit-worthy businesses which cannot otherwise obtain credit at reasonable rates and terms in order to create or retain full-time employment.

10. City/State Partners Program.

The City/State Partners Program is a joint effort between the Ex-Im Bank and state and local entities around the country to bring Ex-Im Bank's financing services to small and medium-sized U.S. companies that are ready to export. The Board markets programs offered by the Ex-Im Bank and packages applications for these programs. The Board's relationship with the Ex-Im Bank provides Missouri companies a direct line to export financing. In addition, the Board's relationship with the U.S. Small Business Administration (SBA) and the State Treasurer's Office provides loan programs to support the production of goods and services for export.

11. Missouri Downtown Economic Stimulus Act (MODESA).

The MODESA Program is an incentive tool that allows the Department of Economic Development and the Board to facilitate the redevelopment of downtown areas and the creation of jobs by providing essential public infrastructure. A portion of the new state and local taxes created by a project can be diverted to fund eligible public infrastructure and related costs for a period of up to 25 years. The local match must be, at a minimum, 50% of the amount of the new local sales tax (and earnings tax in St. Louis and Kansas City) and 100% of the amount of the new real property tax created by the project each year; or a comparable amount of local funds from the city/county or a non-profit organization

12. Downtown Revitalization and Economic Assistance for Missouri (DREAM).

The DREAM Initiative is a comprehensive, streamlined approach to downtown revitalization that provides a one-stop shop of technical and financial assistance for select communities to more efficiently and effectively engage in the downtown revitalization process. The DREAM initiative is created through a partnership between the Missouri Development Finance Board, the Missouri Department of Economic Development and the Missouri Housing Development Commission.

13. Missouri Community Investment Corporation (MCIC).

MCIC is the Board's only discretely presented component unit. The Board members of the Missouri Development Finance Board as well as four additional members serve as the Board for MCIC. MCIC is a non-profit organization established for the primary purpose to serve as a qualified community development entity (CDE) providing investment capital for the benefit of Low-Income Communities and Low-Income Persons within the State of Missouri in connection with the New Market Tax Credit program established pursuant to Section 45D of the Internal Revenue Code of 1986 as amended. For the year ended June 30, 2007, activities for MCIC are reported separately in a column to the far right of the government-wide financial statements. In October 2007 MCIC received word that it would not receive an allocation of tax credits. MCIC will be inactive until such an allocation is received. For this reason, it was not presented for the year ended June 30, 2008.

The Board completed fiscal year 2008 in sound financial condition. The change in net assets in fiscal year ended June 30, 2008 was (\$6,846,391) versus \$4,704,551 in fiscal year 2007. The Board's activities provided funding for the Board's operations but also fulfilled its mission to the state of Missouri. Assets were \$122,791,874 and \$151,725,293 at June 30, 2008 and June 30, 2007, respectively. The Board's involvement in very large projects has grown and, correspondingly, the Board's on-going responsibility to monitor those projects and their funds has significantly increased.

LOCAL ECONOMY

As a major manufacturing, financial, and agricultural state, Missouri's diverse economic health is closely tied to that of the nation. The economic outlook follows the national trends during fiscal year 2008. At the end of June 2008, the state unemployment rate was 6.4 % compared to 4.9% at the end of June 2007. The national rate was 5.7% and 4.6% at June 30, 2008 and 2007, respectively.

MAJOR INTIATIVES

During fiscal year ended June 30, 2008, the Board has authorized 31 projects resulting in total Board related financing of \$432 million. During fiscal years ended June 30, 2007 and 2006, the Board authorized 23 and 19 projects, respectively. Listed below are the significant projects approved during the fiscal year ended June 30, 2008.

Jewish Community Center

In October of 2007, the Board authorized the conduit issuance of \$45,000,000 in Cultural Facilities Revenue Bonds for the Jewish Community Center (JCC). The Jewish Community Center is a multigenerational gathering place offering a variety of programs and services for the St. Louis Jewish Community and the community at large. The JCC welcomes people of all backgrounds regardless of race, ethnicity or religious preference. The JCC provides educational, cultural, social, Jewish identity-building and recreational programs throughout its campuses in Creve Coeur, Chesterfield, and Camp Sabra, located at the Lake of the Ozarks. The proceeds financed new construction and renovations to all three locations including a new aquatic center at Camp Sabra, increased Fitness Center space in Chesterfield, and a Jewish Learning Center in Creve Coeur.

City of Arnold – Sewer and Road Projects

In October of 2007, the Board authorized the conduit issuance of \$9,585,000 in Infrastructure Facilities Revenue Bonds to finance the installation of interceptors under the Meramec River. The interceptors were necessary to connect the City of Arnold's sewer system to the Metropolitan St. Louis Sewer District system. The issuance also refinanced debt and paid interest on debt of \$6,240,000 in relation to the Church Road Project which consisted of roadway realignment. The remaining bond funds will be used to pay for the next phase of the Church Road Project at a cost of approximately \$2 million.

City of Independence - Eastland, Crackerneck Creek, Drumm Farm and Multipurpose Events Center

In November of 2007, the Board authorized the conduit issuance of \$20,955,000 in Infrastructure Facilities Revenue Bonds to Fund the Eastland Center Project and the Crackerneck Creek Project.

The Eastland Center Project consists of the redevelopment and construction of 1,300,000 square feet of Class A office space and 550,000 square feet of retail, restaurant and shop space and at least two hotels. The issuance will fund the public portion of the project which consists of street improvements and related landscaping, traffic studies, design, engineering, surveys, excavation, demolition of storm sewers, utility relocation, traffic signals and controls, retaining walls, sidewalks, streetlights and related improvements, fencing, landscaping screens, clearing, grading, and storm water and utility costs on the site of the Eastland Center Redevelopment Project.

The Crackerneck Creek Project provides for the development and construction of a proposed 450,000 square foot commercial retail center. The Crackerneck Creek Project will include an approximately 150,000 square foot Bass Pro Shops Outdoor World retail store, a minimum of 300,000 square feet of additional retail space and a hotel. Crackerneck Creek Bond proceeds will fund site preparation and public infrastructure needed to serve the new retail development.

In February of 2008, the Board authorized the conduit issuance of \$2,000,000 in Infrastructure Facilities Revenue Bonds to finance public infrastructure costs in association with the Drumm Farm Development Project. The project will develop 320 acres into 143 residential lots and a public golf course. In 1999, the City adopted a tax increment financing plan for the development. The TIF developer is Golf Strategies, LLC, and the privately-owned real estate is owned by Drumm Farm Associates, LLC. The Drumm Farm Institute is a nonprofit that provides residential facilities and social services support for disadvantaged youths. The

Institute receives a \$1,000 donation from each lot sold. Home prices started at \$210,000. The golf course opened in 2002 and has an 18-hole course and a 9-hole executive course.

In February of 2008, the Board authorized the conduit issuance of \$100,000,000 in Public Infrastructure Bonds to finance a Multi-Purpose Events Center which will be owned by the City of Independence. The facility will have 5,800 fixed seats and include a second sheet of ice for public ice skating. The primary tenant of the events center will be a hockey team in the Central Hockey League and be operated by Global Entertainment.

CORTEX and CET

In March 2008, the Board approved a joint tax credit for contribution application through the Land Clearance for Redevelopment Authority of the City of St. Louis ("LCRA") for the benefit of the Center of Research Technology and Entrepreneurial Exchange ("CORTEX") and the Center for Emerging Technologies ("CET"). The Board approved \$15,000,000 in contribution tax credits spread over 5 calendar years.

CORTEX intends to use the proceeds from these contributions as well as Federal, Private and Funds from their balance sheet to acquire land, provide for demolition, environmental remediation, utilities, roads and other public improvements in order to further the CORTEX mission to serve as the motivating force behind the successful development, promotion, and marketing of selected sites within a significant portion of midtown St. Louis. CORTEX intends to do this by acquiring and assembling key tracts of land on which both public and private institutions can develop facilities to house life sciences organizations within an urban research park environment. The benefit of which will be urban revitalization, promoting the St. Louis region as a center for advanced technology research and greater urban stability.

CET, which is located in the heart of the CORTEX area, plays a significant role in the successful development of a life sciences district by helping to create companies from university technology and nurturing those companies until they can operate independently. CET intends to utilize the tax credit proceeds as well as balance sheet assets and a grant from the EDA in order to acquire two parcels of land and to construct a 60,000 square foot shell and garage. With the expanded capacity and scope of work, CET will continue to create a pipeline of companies to fill the space to be developed in the CORTEX area, and the CORTEX development effort will help to keep those growing companies in the State of Missouri.

St. Louis County Port Authority – Brown Shoe Redevelopment

In April 2008, the Board approved a resolution of intent for \$8,258,500 in BUILD Bonds along with authorizing \$6,000,000 in Contribution Tax Credits for the benefit of the Brown Shoe Redevelopment District in Clayton Missouri. The proposed mixed use development project is intended to be developed with Brown Shoe as the key initial private investment. The project is anticipated to include: a new approximately 585,000 rentable square foot Class A office building to be occupied (in part) by Brown Shoe as its headquarters facility, another new approximately 595,000 rentable square foot Class A office building, approximately 50,000 to 80,000 rentable square feet of commercial retail space, approximately 300 to 420 residential units, a possible hotel as well as a public parking garage.

The development will also significantly impact the neighboring Clayton High School by reconfiguring the surface parking lot, by construction and installing an underground storm water detention basin, and the relocation, reconfiguration, and possible renaming of Gay Avenue. The development will also provide for the construction of connectors and cul-de-sacs as well as improved streetscapes, lighting, signage, landscaping and other public improvements.

The BUILD Bonds will be used to finance a portion of the private capital projects, to be occupied by Brown Shoe, while the Contribution Tax Credit proceeds will be expended on eligible public infrastructure improvements listed above. Total project costs are estimated at \$248 million, with over \$195 million

representing new private investment that will result in the retention of 625 well-paid corporate jobs, the creation of over 500 new jobs within the next three years and another 250 jobs by the end of 2012.

BUILD Missouri

RSMo Sections 100.750 to 100.850 govern the <u>Business Use Incentives for Large-Scale Development Act</u> (BUILD) that created the program. During fiscal year 2008, three issues were given final approval while two issues were closed. During fiscal year 2007, one bond issue was approved and one issue was closed, and during 2006, three issues were approved while two issues were closed.

Since the program's inception, the Board has given final approval to 37 BUILD bond projects for various locations throughout the State. The total jobs created to date are over 14,511, issuing \$70.4 million in bonds and will include over \$2.1 billion in new private investment within Missouri.

Smaller Communities

The Board continues to work toward its goal to actively seek out-state projects (outside the metropolitan areas of Kansas City and St. Louis). These efforts can be demonstrated by the initiation of the Downtown Revitalization Tax Credit for Contribution Program that focuses on smaller, out-state communities. In January 2001, the Board approved the restructuring of the Downtown Revitalization Tax Credit Program and allocated \$500,000 in tax credits annually to help maximize the program's impact on smaller communities. In February 2008, the Board increased its commitment to this program to \$1,000,000 in tax credits annually.

During fiscal year 2008, the Board approved projects in four communities through the use of the Downtown Revitalization Tax Credit Program and approved two projects during fiscal year 2007. In February 2008, the Board approved \$225,000 in credits to Columbia to facilitate the renovation of their City Hall as well as streetscape improvements throughout downtown Columbia. In November 2007, the Board approved \$112,500 in credits to promote redevelopment in downtown Sedalia which was designated as a Missouri DREAM community. In October 2007, the Board approved credits in the amount of \$250,000 for the City of Hermann to finance public infrastructure projects in connection with the DREAM initiative. In July, 2007, the Board authorized an additional \$35,000 in tax credits to finance the costs of an Automated Weather Observation System for the City of Neosho Airport Terminal. In fiscal year 2007, the Board approved \$27,500 in tax credits to assess building and code deficiencies of the Gasconade County Courthouse in Hermann and \$252,000 in tax credits to redevelop downtown Maryville.

During fiscal years 2008 and 2007, the Board approved one loan and three loans respectively from the Infrastructure Development Fund (MIDOC) to improve the water and wastewater system needs of smaller communities. During its history, the MIDOC program has issued 79 out-state loans with over \$5.3 million in loaned principal.

Since inception the Missouri Association of Municipal Utilities (MAMU) has assisted 38 communities through the issuance of \$148 million of the Missouri Association of Municipal Utilities Tax-Exempt Commercial Paper, Series 1999, 2003, 2005, and 2006 for the Missouri Association of Municipal Utilities Municipal Finance Program. MAMU is a not for profit trade organization for Missouri municipalities owning and operating an electric, water, natural gas or waste water utility that offers the Municipal Finance Program to assist communities in financing utility improvements.

During the fiscal year ending June 30, 2008 and 2007, the Board worked with the Missouri Department of Economic Development and the Missouri Housing Development Commission in the Governor's DREAM Initiative. The three organizations recommended 10 to 12 communities in each year to the Governor's office to provide a one-stop shop of technical and financial assistance to more efficiently and effectively engage in the downtown revitalization process. The ten DREAM communities selected in fiscal year 2008 were:

Aurora, Caruthersville, Chillicothe, Clinton, Kirksville, Maryville, Mexico, Poplar Bluff, Sikeston, and Trenton. The ten DREAM communities selected in Fiscal Year 2007 were: Cape Girardeau, Excelsior Springs, Hannibal, Hermann, Kennett, Neosho, Sedalia, St. Joseph, Washington, and West Plains.

Future Projects

The Missouri Development Finance Board is currently negotiating with representatives from DESCO and Schnucks Markets, Inc. ("SMI"). SMI-NSG, LLC, an affiliate of SMI, to lease the 20,800 square-foot retail space located in the Ninth Street Garage to operate an urban concept grocery store that will have all the features of Schnucks' larger stores including: meats, seafood, pharmacy, floral, organic and specialty food, and produce.

In March 2008, the Board approved the prepayment of \$760,000 in principal on the outstanding debt on the Ninth Street Garage. A regular payment of \$240,000 is due October 1, 2009. A total of \$1,000,000 in debt will be retired during fiscal year 2009. A portion of the payment is to be financed from remaining funds on hand after the contribution of the Kansas City Library Parking Garage.

The Board will continue its efforts in St. Louis to renovate the old Cardinal Ballpark site through the Ballpark Village MODESA project.

The Governor announced the fiscal year 2009 DREAM communities at the Governor's Economic Development Conference in September. These communities along with those previously designated in 2008 and 2007 will receive assistance for the redevelopment of their downtowns.

RELEVANT FINANCIAL POLICIES

Internal Controls

In fulfilling its responsibilities for reliable financial statements, management depends on the Board's system of internal control. This system is designed to provide reasonable assurance that assets are effectively safeguarded and transactions are executed in accordance with management's authorization and properly classified. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived, and (2) the valuation of costs and benefits requires estimates and judgments by management.

The members of the Board review and approve financial information on a monthly basis for appropriateness, reliability, clarity, and timeliness.

Budgetary Controls

The Board is not legally required to adopt a fiscal budget; however, for the fiscal years ending June 30, 2008 and June 30, 2007, the Board has adopted an operational budget for internal use only. Hence, no budget-to-actual schedules are included within the financial statements.

Primary Functions

The Board's mission is to assist infrastructure and economic development projects in Missouri that have a high probability of success, but are not feasible without the Board's assistance.

The Board's primary function is to structure and participate in the financing of Missouri business and public infrastructure. As mentioned before, the Board administers thirteen different programs that correspond to its mission to benefit the citizens of the State of Missouri.

Proprietary Operations

The Board's funds are all Proprietary – Enterprise funds and are maintained on the accrual basis of accounting. Thus, revenues are recognized when earned and expenses are recorded when the liability is incurred.

Debt Administration

One of the Board's primary functions is as a conduit issuer of bonds for public and private entities. With the exception of the NSG project entered into during fiscal year 2005 and the St. Louis Conference Center Hotel and Garage project entered into during fiscal year 2001, the Board has no liability for repayment of revenue bonds and funding notes aside from any required reserve fund deposits and, accordingly, these conduit bonds and notes have not been recorded in the accompanying financial statements. Security for the bondholders consists of insurance, letters of credit, annual appropriation pledges, and certain funds held through trustees under the various indentures.

For additional information regarding the Board's debt, refer to Note 7 of the notes to the financial statements and the debt-related tables presented in the Statistical Section of this Report.

Cash Management

The accounting department strives to keep abreast of current trends and procedures for cash management and forecasting to insure the efficient and profitable use of the Board's cash resources. Interest bearing accounts are used for all cash operations, with excess funds invested primarily in short-term U.S. Government Agency securities. All funds in bank accounts are 100% collateralized.

Risk Management

Fiduciary bonding and workers compensation insurance are maintained through various commercial insurance companies. The Board carries commercial property, comprehensive liability, and business interruption insurance policies on the St. Louis Conference Center Hotel parking garage, the Kansas City Library parking garage and the Ninth Street Garage. The Board is self-insured for all other risks of loss.

The Board maintains employee health insurance through Anthem Blue Cross and Blue Shield Health Insurance. The Board pays for employee and family coverage.

Subject to availability, the Board provides life insurance for its employees at two times their annual salary and long-term disability insurance through American General and Northwest Mutual Insurance Company, respectively.

AWARDS AND ACKNOWLEDGEMENTS

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Missouri Development Finance Board for its Comprehensive Annual Financial Reports for the fiscal year ended June 30, 2007. This is the eighth consecutive year the Board has received this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements, and we are submitting it to the GFOA to determine its eligibility for another certificate.

ACKNOWLEDGEMENTS

The preparation of the comprehensive annual financial report could not have been accomplished without the dedicated services of all Board staff. We would like to thank the firm of Williams-Keepers LLC and their staff for their assistance in the preparation of this report.

Respectfully submitted,

Krystal Davis, CPA

Controller

INDEPENDENT AUDITORS' REPORT

Members of the Missouri Development Finance Board:

We have audited the accompanying financial statements of the business-type activities, each major fund (Industrial Development and Reserve Fund, Parking Garage Fund, Infrastructure Development Fund), and the discretely presented component unit of the Missouri Development Finance Board (the Board), a component unit of the State of Missouri, as of and for the years ended June 30, 2008 and 2007, which collectively comprise the Board's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Board's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with U.S. generally accepted auditing standards. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principals used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the business-type activities, each major fund (Industrial Development and Reserve Fund, Parking Garage Fund, Infrastructure Development Fund), and the discretely presented component unit of the Missouri Development Finance Board as of June 30, 2008 and 2007, and the respective changes in its financial position and cash flows thereof for the years then ended in conformity with U.S. generally accepted accounting principals.

The management's discussion and analysis as listed in the table of contents is not a required part of the basic financial statements but is supplementary information required by U.S. generally accepted accounting principals. We have applied certain limited procedures, which consisted principally of inquiries of management, regarding the methods of measurement and presentation of the supplementary information. However, we did not audit the information and express no opinion on it.

The introductory section and statistical section have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly we express no opinion on them.

Management's Discussion and Analysis

As management of the Missouri Development Finance Board (the "Board"), we offer readers of the Board's financial statements this narrative overview and analysis of the financial activities of our organization for the fiscal year ended June 30, 2008.

Financial Highlights

- The assets of the Board exceeded its liabilities at the close of the 2008 fiscal year by \$69,208,222 (Net Assets). Of this amount, \$43,091,719 (Unrestricted Net Assets) may be used to meet the Board's ongoing obligations to citizens and creditors.
- The Board's total net assets decreased by \$6,846,391 during fiscal year 2008. The decrease can be attributed to the contribution of the Kansas City Library Garage offset by an increase in participation fees.
- At the end of the 2008 fiscal year, the unrestricted fund balance for the Industrial Development and Reserve Fund was \$36,976,335, or approximately 10.12 times the Industrial Development and Reserve Fund's 2008 operating and non-operating expenditures of \$3,653,850.
- The Board's total debt remained the same as no principal was paid and no new debt was issued during the fiscal year ending June 30, 2008.
- The Board did not receive any contributions in fiscal year 2008. During fiscal year 2007, the Board received \$225,000 in non-tax credit enhanced contributions, for the construction of the NSG and renovation of the OPO Projects. The \$225,000 received in 2007 was loaned to the developer of the OPO to fund a museum honoring the history of the Old Post Office building. Please see notes 7, 8, and 9 to the financial statements for further details.

Overview of the Basic Financial Statements

This discussion and analysis is intended to serve as an introduction to the Board's basic financial statements. Typically, government financial statements would be presented as three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements.

However, because the Board uses only Proprietary funds which present financial statement information in the same manner as government-wide financial statements only with more detail, we present two components. The Board's basic financial statements include: 1) fund financial statements and 2) notes to the financial statements.

2

(A Component Unit of the State of Missouri)

Fund Financial Statements

A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Board, like other discretely presented component units of the State of Missouri (as defined by GASB Statement No. 14), uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. There are three categories available for governmental accounting: governmental funds, proprietary funds and fiduciary funds. The Board's funds are considered proprietary funds.

Proprietary funds. Of the two types of proprietary funds, the Board maintains one type: Enterprise funds. Enterprise funds are used to report the same functions presented as business-type activities. Specifically, Enterprise funds account for operations that provide a service to citizens that are financed primarily by a user charge for the provision of that service. Enterprise funds also account for activities where the periodic measurement of net income is deemed appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Industrial Development and Reserve Fund, the Parking Garage Fund, and the Infrastructure Development Fund (MIDOC). All funds are considered to be major funds.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Financial Analysis

As noted earlier, net assets may serve over time as a useful indicator of a government's financial position. In the case of the Board, assets exceeded liabilities by \$69,208,222 at the close of fiscal year 2008, by \$76,054,613 at the close of fiscal year 2007, and by \$71,350,061 at the close of fiscal year 2006.

The following summarizes the composition of the Board's net assets as of June 30:

2008				2007		2006			
	\$	%		\$	%		\$	%	
				P					
\$	20,561,656	29.71%	\$	30,561,762	40.18%	\$	19,317,590	27.07%

Unrestricted net assets are funds which may be used to meet the Board's ongoing obligations to citizens and creditors. Restricted net assets are restricted to specific purposes and may not be used for anything else. Capital assets are used to provide services to the citizens of Missouri.

(A Component Unit of the State of Missouri)

The decrease in capital assets, net of related debt in 2008, is due to the donation of the Kansas City Library Garage to Kansas City Urban Public Library District. See note 10 for further details. The increase in investment in capital assets, net of related debt in 2007, is due to the construction activity on the NSG project for the parking garage in St. Louis. The increase in 2006 is the result of the redemption of \$2.75 million in bond debt on the SLCCHG project.

Restricted net assets decreased \$1,051,612 (15%) from 2007 to 2008 due to draws on tax credit project funds. Restricted net assets decreased \$12,531,367 (65%) from 2006 to 2007. The decrease in restricted net assets for the fiscal year 2007 is due to \$11,907,511 in project funds used in the construction of the NSG project, and the return of \$500,000 in restricted debt service reserve funds. Restricted net assets decreased \$15,525,752 (45%) from 2005 to 2006 primarily due to the use of restricted funds which were loaned to the developer for the renovation of the OPO project and the construction activities on the NSG project.

As discussed above, the decrease in net assets for the current fiscal year is due to the donation of the Kansas City Library Garage to the Kansas City Urban Public Library District and due to a \$950,000 contribution to the 2007 and 2008 Tour of Missouri Bike Races. During fiscal year 2007, net income was positively affected by the NSG becoming fully operational. The increase in net assets for fiscal year 2006 is due to contributed revenue of \$2,600,000 for the NSG and OPO project offset by a \$737,939 decrease in income before contributed revenue

The following summarizes the changes in net assets for the years ended June 30:

	2008				2007		2006			
		\$	%		\$	%		\$	%	
Operating income (loss)	\$	2,595,058	-37.90%	\$	2,343,625	49.82%	\$	(2,133,284)	-114.57%	
Non-operating revenue		1,272,443	-18.59%		2,135,926	45.40%		1,395,346	74.94%	
Contributed revenue		-	0.00%		225,000	4.78%		2,600,000	139.63%	
Contribution to others		(10,713,892)	156.49%		_	0.00%			. 0.00%	
Change in net assets	_\$	(6,846,391)	100.00%	\$	4,704,551	100.00%	\$	1,862,062	100.00%	

In comparison with 2007, operating income is up \$251,433. Participation fees are up due to demand of Board programs. DREAM reimbursement revenue increased due to the first matching installments collected from the DREAM communities.

In comparison with 2006, the positive operating income increase of \$4.4 million in 2007 is the result of numerous factors. Participation fees were up 140% to \$2,603,017 due to a new fee structure, the Ninth Street Garage became partially operational in October of 2006 and substantially complete in February 2007 with a profit of \$77,097 and bad debt expense was down significantly from \$3.4 million to approximately \$7,000. Non-operating revenue was up due to the volume of funds on hand for the tax credit for contribution program and the associated increase in investment income.

The decrease in operating loss from 2005 to 2006 by \$7 million is primarily related to an increase in parking garage revenues of \$444,205, increased interest income on loans and notes receivable of \$92,487 and decreased operating expenses of \$6,424,439.

(A Component Unit of the State of Missouri)

Further detailed information related to the Board's net assets and changes in net assets are included on the following pages.

The state of the s												

(A Component Unit of the State of Missouri)

- Participation fees increased \$472,402 (18.1%) in the current fiscal year. The increase is due to greater tax credit for contribution fee income as well as increased volume of bond issuances. Participation fees increased by \$1,522,158 (140.8%) in fiscal year 2007. The increase is due to increased fees on the tax credit for contribution program. Participation fees declined by \$17,494 (1.6%) during fiscal year 2006. The 1.6% decline is due to decreased fee income for the tax credit for contribution program. Participation fees declined by \$275,306 (20%) during fiscal year 2005. The 20% decline is due to decreased fee income for the tax credit for contribution program.
- Interest on loans and notes receivable decreased in 2008 by \$115,629 (26.7%) due to the payoff of HEERS and Plattsburg loans. In fiscal year 2007 interest on loans and notes receivable increased by \$107,077 (33%) and \$92,487 (39.7%) in 2006. The increase (33%) in 2007 is attributable to a \$3.1 million loan issued to the City of Springfield to purchase the HEERS Building in downtown Springfield. The 40% increase in 2006 is primarily due to interest earned on the OPO loan.
- Parking garage operating revenue increased in 2008 and 2007 by \$743,314 (25.8%) and \$620,164 (21.40%), respectively. The increases are due to the opening in 2007 and continued operations of the Ninth Street Garage in downtown St. Louis. The \$444,205 increase (24.5%) during fiscal year 2006 is due to improved parking attendance and due to a profit at the KCLG.
- No contributed revenue was received in fiscal year 2008. However, in 2007, contributed revenue in the amount of \$225,000 was received for tenant improvements for a museum; for the fiscal year 2007, contributed revenue declined (\$2,375,000) (91.35%) due to the ending of fund raising on the OPO. Contributed revenue for 2006 also declined \$17,914,144 (87.3%) attributable to less contribution revenue on the Old Post Office and the Ninth Street Garage projects.
- Interest income on cash and investments decreased \$538,357 (17.5%) for the current fiscal year, while increasing \$942,915 (44.29%) for the 2007 fiscal year and \$887,537 (71.5%) for the 2006 fiscal year. The decrease in 2008 is due to the lower interest rates within the economy. The increase in 2007 can be attributed to higher balances in tax credit for contribution accounts. In 2006 the increases are due to the interest earned on the additional contributed revenue, invested bond proceeds and the increasing interest rate environment we experienced. For fiscal years 2008, 2007, and, 2006 the Board's average interest rate on cash and investments was approximately 4.51%, 5.40%, and 4.33% respectively.
- The Parking Garage Fund was established in 2003 by the Board to account for the construction and ongoing operations of three parking garages. The three garages are as follows: St. Louis Conference Center Hotel Garage (SLCCHG), Ninth Street Garage (NSG) supporting the OPO redevelopment in St. Louis, and the Kansas City Public Library Garage (KCLG). The Board is the sole owner of these garages. SLCCHG was placed in service during FY2003; the KCLG was placed in service in FY2004 and the NSG was placed in service in early 2007. The KCLG was contributed to the Kansas City Urban Public Library District during fiscal year 2008.

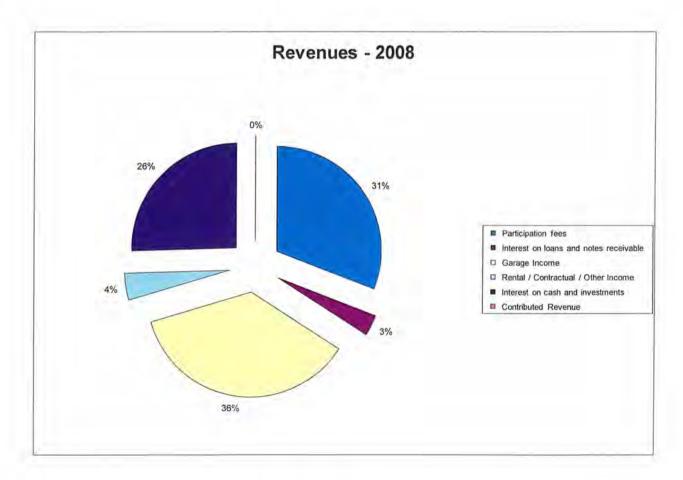

(A Component Unit of the State of Missouri)

There were no interfund transfers during fiscal years 2008, 2007 and 2006.

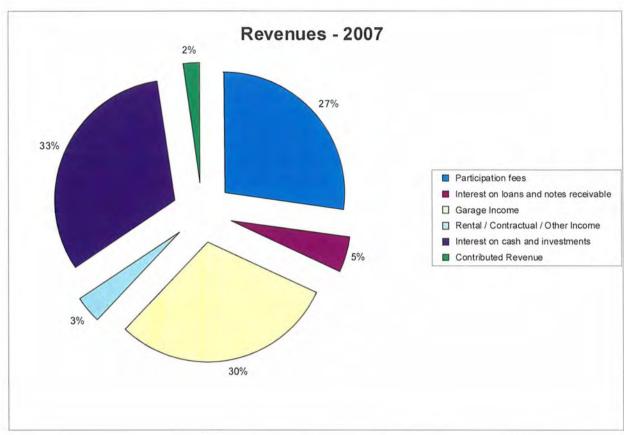

In the current fiscal year, operating expenses increased \$1,740,585 due primarily to an increase in DREAM expenses of \$1,005,767 (203%). DREAM expenses have increased now that it includes both the 2006 and 2007 communities' expenses. There were other increases in operating expenses including: professional fees increase of \$175,513 (109%), depreciation and amortization of \$467,678 (46%), and increase in parking garage operating expenses of \$233,553 (21%). These increases were offset by moderate decreases in personnel expenses of \$38,938 (5.9%), office expenses of \$35,652 (25%), bad debt expense of \$32,877 (24%), and miscellaneous expense of \$46,169 (70%).

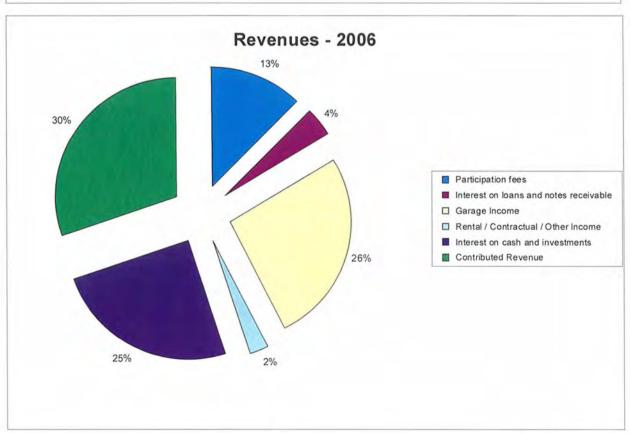

In year 2007, operating expenses decreased \$2,102,443 (35%) due primarily to decreased bad debt expense of \$(3,359,268) offset by modest increases in every other category (with the exception of a minor decrease in travel expense) as follows: personnel services increased \$73,812 (12%), professional fees increased \$104,425 (184%), supplies and other increased \$34,586 (31%), depreciation increased \$281,159 (38%), parking garage operating expenses increased \$231,584 (26%), DREAM expenses of \$495,312 and miscellaneous increased \$36,564 (123%).

In the 2006 fiscal year, expenses decreased \$6,241,562 (48%) due primarily to decreased bad debt expense of \$5,950,607 (63%), decreased professional fees of \$487,835 (89.6%) and increased bond interest expense of \$220,880 (57%) offset by other slightly decreased expenses.

(A Component Unit of the State of Missouri)

(A Component Unit of the State of Missouri)

Capital Assets and Debt Administration

The Board's investment in capital assets for its business type activities as of June 30, 2008 amounts to \$52,171,655, net of depreciation. This is a decrease of \$10,240,105 from June 30, 2007. The Board's investment in capital assets for its business type activities as of June 30, 2007 amounts to \$62,411,760, net of depreciation. This is an increase of \$11,244,170 from June 30, 2006. The 2006's years investment in capital assets amounts to \$51,167,590, net of depreciation, an increase of \$7,073,803 from June 30, 2005. This investment in capital assets includes land, buildings, and equipment. The change in the Board's investment in capital assets for fiscal years' 2008, 2007 and 2006 was (16%), 22%, and 16%, respectively.

The major capital asset event in the 2008 fiscal year was the donation of the KCLG to the Kansas City Urban Public Library District. In the 2007 fiscal year the major capital asset event was the completion of the Ninth Street Garage. In fiscal year 2006, the continued construction of the NSG project in St. Louis resulted in the growth of capital assets balances.

Additional information on the Board's capital assets can be found in note 5 to the financial statements.

Long-term Debt

At the end of fiscal years 2008, 2007, and 2006, the Board had total bond debt outstanding of \$31,850,000.

None of this amount comprises debt backed by the full faith and credit of the state of Missouri.

Items of Significance for the Current Year

In the current year, the following items of interest occurred:

During the fiscal year ended June 30, 2008, the Board along with the Department of Economic Development and the Missouri Housing Development Commission has continued to work with the 2006 and 2007 DREAM communities. The ten 2006 DREAM communities assisted were: Cape Girardeau, Excelsior Springs, Hannibal, Hermann, Kennett, Neosho, Sedalia, St. Joseph, Washington and West Plains. The ten 2007 DREAM communities served were: Aurora, Caruthersville, Chillicothe, Clinton, Kirksville, Maryville, Mexico, Poplar Bluff, Sikeston, and Trenton. DREAM communities receive significant downtown redevelopment, research, planning, and capital assistance over a three year period.

In February of 2008, the Board approved the donation of the Kansas City Library Garage (KCLG) to the Kansas City Urban Public Library District in exchange for \$425,000 to be paid to the Board. The sale was finalized in May of 2008. The net contribution value of the KCLG was \$9,763,892.

In October of 2007, the Board authorized \$45,000,000 in conduit revenue bonds for the benefit of the Jewish Community Center. The issue will support new construction and renovations to all three of their locations, including a new aquatic center at Camp Sabra, increased Fitness Center space in Chesterfield, and a Jewish Learning Center in Creve Coeur. All of these facilities are available for use by the general public on a non-denominational, non-discriminatory basis.

In October of 2007, the Board authorized the conduit bond issuance of \$10,000,000 to benefit the City of Arnold. The issuance helped to finance the installation of interceptors to connect the city's sewer system to the Metropolitan St. Louis Sewer District system as well as assist with the Church Road Project of roadway realignment.

During fiscal year 2008, the Board approved three conduit bond issuances of \$24,000,000, \$2,000,000, and \$100,000,000 for the City of Independence. The \$24,000,000 bond was issued to fund the Eastland Center and Crackerneck Creek projects. The Eastland Center project dollars will be used to fund infrastructure costs associated with the project. The Crackerneck Creek project funds will provide for site preparation and public infrastructure needed to serve the new retail development. The \$2,000,000 bond issuance was used to finance public infrastructure costs in association with the Drumm Farm Development Project. Lastly, the \$100,000,000 bond issuance was used to finance a Multi-Purpose Events Center owned by the City of Independence.

In March of 2008, the Board authorized a joint tax credit for contribution application for \$15,000,000 to benefit the Center of Research Technology and Entrepreneurial Exchange ("CORTEX") and the Center for Emerging Technologies ("CET"). CORTEX will use the proceeds to develop life sciences facilities in the St. Louis region. CET intends to utilize the tax credit proceeds to expand its facilities to serve a pipeline of companies being created in the CORTEX area.

In April of 2008, the Board authorized \$6,000,000 in tax credits for contribution as well as approved a resolution of intent for \$8,258,500 in BUILD bonds for the benefit of the Brown Shoe Redevelopment District in Clayton Missouri. The tax credits for contribution proceeds will fund eligible public infrastructure improvements, while the BUILD bonds will be used to finance capital projects, including office space to be occupied by the Brown Shoe headquarters facility.

(A Component Unit of the State of Missouri)

Significant Events for Next Year

In the coming fiscal year, we anticipate the following significant events:

The Missouri Development Finance Board is currently negotiating with DESCO and Schnucks Markets, Inc. to lease retail space located in the Ninth Street Garage to operate an urban concept grocery store.

The Board will continue its efforts in St. Louis to renovate the old Cardinal Ballpark site through the Ballpark Village MODESA project.

The Governor announced ten additional DREAM communities at the Governor's Economic Development Conference in September 2008. Those communities designated were: Boonville, Farmington, Fulton, Lamar, Lebanon, Louisiana, Macon, Stafford, Warrensburg, and Webb City. These ten communities along with the twenty previously designated in 2006 and 2007 will receive assistance for the redevelopment of their downtowns.

Requests for Information

This financial report is designed to provide a general overview of the Missouri Development Finance Board's finances for all those with an interest in the Board's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Missouri Development Finance Board, Controller, P. O. Box 567, 200 Madison, Suite 1000, Jefferson City, Missouri 65102.

(A Component Unit of the State of Missouri)

NOTES TO FINANCIAL STATEMENTS

June 30, 2008 and 2007

1. FINANCIAL REPORTING ENTITY AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) Financial Reporting Entity

The Missouri Development Finance Board (the Board), was created by Sections 100.250 to 100.297 of the Revised Statues of Missouri (RSMo), as a body corporate and politic of the State of Missouri created within the Department of Economic Development. The Board is governed by a twelve-member Board. The Governor of the State of Missouri (the State), with the advice and consent of the Senate, appoints eight of the Board members. The remaining four Board members are the Lieutenant Governor, Director of the Department of Economic Development, Director of the Department of Agriculture and Director of the Department of Natural Resources.

The Board is a discretely presented component unit of the State of Missouri as defined by Governmental Accounting Standards Board (GASB) Statement No. 14, *The Financial Reporting Entity*. Based on GASB 14, the accompanying combined financial statements include only those operations related to the Board and are not intended to present fairly the financial position and results of operations of the State.

The Board is empowered to issue bonds or notes; provide loans or loan guarantees; provide loans and grants to political subdivisions to fund public infrastructure improvements; and to issue Missouri tax credits for approved projects. The Board also has other authorized powers under state statute, including the ability to acquire, own, improve, and use real and personal property such as parking garages and buildings.

The Board has one discretely presented component unit as defined by Governmental Accounting Standards Board (GASB) Statement No. 14, *The Financial Reporting Entity*: The Missouri Community Investment Corporation (MCIC). The Board members of the Missouri Development Finance Board and five additional members serve as the Board for (MCIC). MCIC is a non-profit organization established for the primary purpose to serve as a qualified community development entity (CDE) providing investment capital for the benefit of Low-Income Communities and Low-Income Persons within the State of Missouri in connection with the New Market Tax Credit program established pursuant to Section 45D of the Internal Revenue Code of 1986 as amended. Activities for MCIC are reported separately in a column to the far right of the government-wide financial statements. MCIC was inactive during fiscal year 2008 and thus has been omitted from the 2008 presentation.

(b) Basis of Presentation

The accounts of the Board are organized on the basis of funds. The Board accounts for its activities in Enterprise Funds, a type of Proprietary Fund. Proprietary Funds are used to account for ongoing activities that are similar to activities found in the private sector. The measurement focus is upon determination of net income.

Specifically, Enterprise Funds account for operations that provide a service to citizens that are financed primarily by a user charge for the provision of that service. Enterprise Funds also account for activities where the periodic measurement of net income is deemed appropriate for capital maintenance, public policy, management control, accountability, or other purposes. The Board has three active and three inactive Enterprise Funds.

(A Component Unit of the State of Missouri)

NOTES TO FINANCIAL STATEMENTS

June 30, 2008 and 2007

Each fund is considered a separate accounting entity with self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenses. The Board's active funds are as follows:

- Industrial Development and Reserve Fund The Industrial Development and Reserve Fund was established in 1982 by Section 100.260 RSMo (as amended). At inception, the Board was funded by appropriations from the State General Revenue Fund. However, currently the Board's primary source of funds is from other sources as specified by the RSMo. Funds may be used to make eligible direct loans or may be pledged as loan, note, or bond guarantees. RSMo (Sections 33.080 and 100.260) provide that if funds are appropriated by the general assembly for this fund, they shall not lapse and the balance shall not be transferred to the General Revenue Fund State. This fund also includes activity related to the OPO project, the DREAM initiative and building leasing operations.
- Parking Garage Fund The Parking Garage Fund was established in 2003 by the Board to account for the construction and ongoing operations of three parking garages. The three garages are as follows: St. Louis Conference Center Hotel Garage (the "SLCCHG"), Ninth Street Garage (the "NSG") supporting the Old Post Office redevelopment project in St. Louis, and the Kansas City Public Library Garage (the "KCLG"). The Board is the sole owner of these garages. SLCCHG was placed in service during 2003; the KCLG was placed in service during 2004, and the NSG was placed in service in 2006. The KCLG was contributed to the Kansas City Urban Library District in 2008.
- <u>Infrastructure Development Fund</u> The Infrastructure Development Fund was established in 1988 by Section 100.263 RSMo, as amended, and is funded by appropriations from the State General Fund or from various other sources as specified by the RSMo. Funds may be used to make low-interest or interest-free loans, and loan guarantees to local political subdivisions and state agencies.

The inactive funds are the Industrial Development Guarantee Fund, Export Finance Fund, and the Jobs Now Fund.

The Board has one discretely presented component unit:

<u>Missouri Community Investment Corporation (MCIC)</u> — MCIC is the Board's only discretely presented component unit. This not-for profit corporation was established to further the Board's mission by applying for Federal New Market Tax Credits (NMTC). MCIC was notified in October 2007, that it did not receive a NMTC allocation; it will remain inactive until an allocation is received.

(c) Method of Accounting

The economic resource measurement focus and the accrual basis of accounting are utilized for all Board funds. Revenues are recognized when earned and expenses are recorded when incurred.

Application fees and issuance fees are recognized as participation fees on the Statement of Revenues, Expenses, and Changes in Fund Net Assets. The Board recognizes revenue on application fees when received since the fees are due upon application and are nonrefundable. The Board recognizes revenue on issuance fees at the time of the issuance of the related bonds since, until actual issuance, the amount or the certainty of receiving the issuance fee is not determinable. Expenses related to

(A Component Unit of the State of Missouri)

NOTES TO FINANCIAL STATEMENTS

June 30, 2008 and 2007

bond issuance are recognized when incurred, as there is no reasonable method of allocating the expenses to issuance revenues because of the above-mentioned uncertainties.

Contributions received for tax credits on behalf of other entities are treated as conduit transactions, with the amount of unspent contributions recorded as a liability. Contributions received for tax credits on behalf of the Board's projects are recorded as contributed revenue when all applicable eligibility requirements have been met, which is determined on a project-by-project basis.

The Board applies all Financial Accounting Standards Board (FASB) Statements and Interpretations issued on or before November 30, 1989, and all Accounting Principals Board (APB) Opinions and Accounting Research Bulletins (ARB), except for those that conflict with or contradict GASB pronouncements. FASB Statements and Interpretations issued subsequent to November 30, 1989, are not applied.

(d) Investments

The Board has the power to invest in obligations of the United States or its agencies, insured or secured certificates of deposits, secured repurchase agreements, and state or political subdivisions obligations with the two highest credit rating categories. Investments are carried at fair value based on quoted market prices.

(e) Loans and Allowance for Loan Loss

Loans are stated at the amount of unpaid principal, adjusted by an allowance for loan losses. The Board's loans are made to not-for-profit entities and political subdivisions. In many cases, the repayment terms and collateral, if any, are much less stringent than typical financial institution loans due to the nature of the Board's mission. The allowance for loan losses is established through a provision for loan losses charged to expense. Loans are charged against the allowance for loan losses when management believes that the collectability of the principal is unlikely.

The allowance is an amount that management believes will be adequate to absorb possible losses on existing loans that may become uncollectible, based on evaluation of the collectability of loans, prior loan loss experience or when the net present value of estimated future cash flows on the loan or fair value of collateral is less than the recorded value of the loan (computed on a loan by loan basis).

For the fiscal year ending June 30, 2008 and 2007, the allowance for loan losses was \$12,795,642 and \$12,985,169, respectively. As a result of increasing these allowances, bad debt expense was recognized for \$105,929 and \$138,806, respectively.

(A Component Unit of the State of Missouri)

NOTES TO FINANCIAL STATEMENTS

June 30, 2008 and 2007

(f) Loans and Allowance for Uncollectible Interest

Interest is accrued on loans as it is earned. The unpaid portion is included in accrued interest on loans and notes receivable.

Base interest of 0.5% is paid monthly on the outstanding balance on the loan on the Old Post Office ("OPO"). The loan allows for an additional .05% of interest once the OPO meets certaub cash flow levels. As of June 30, 2008, the OPO had not met these projections and thus no additional interest was accrued.

(g) Capital Assets

Capital assets, which consist of land, building and equipment, are stated at cost. Contributions of capital assets are recorded at fair market value at the time received. Capital assets are defined by the Board as assets with an individual cost of more than \$500 and an estimated useful life in excess of one year. Depreciation has been provided over the estimated useful lives using the straight-line method. Estimated useful lives are as follows:

Buildings40 yearsFaçade39 yearsLeasehold Improvements10 yearsEquipment3 - 5 years

It is the Board's policy to capitalize interest on debt incurred to finance the construction of capital assets, when material. The Board had no capital construction projects in progress for the fiscal year ending June 30, 2008. For the year ended June 30, 2007, the total amount of interest incurred was \$539,636; capitalized interest was \$315,382; and interest expensed was \$224,254.

(h) Compensated Absences

Under the terms of the Board's personnel policy, Board employees are granted vacation, personal days, sick, and compensatory leave in varying amounts. In the event of termination, an employee is paid for accumulated vacation, personal days, and compensatory hours. Employees are not paid for accumulated sick leave upon termination. The amounts of accrued vacation, personal days, and compensatory hours are included as a current liability in the accompanying combined financial statements. The costs of sick leave are recorded when paid and are not accrued.

(i) Bond Issue Costs

Bond issue costs represent costs related to the Series 1992-A Infrastructure Facilities Revenue Bond Program. These costs are being amortized over fifteen years as they are recovered through loan participation fees.

(A Component Unit of the State of Missouri)

NOTES TO FINANCIAL STATEMENTS

June 30, 2008 and 2007

(j) Participation Fees

The Board receives participation fees on certain direct loans, loan guarantees, bonds, and tax credit contributions. Direct infrastructure loans are made to local governmental entities for public infrastructure needs. A \$750 fee is assessed for the direct infrastructure loans to cover legal counsel costs.

Bond application fees are 0.1% of the amount of issuance limited to a minimum of \$500 and a maximum of \$2,500.

The issuance fee for private and public activity bonds is .30% and .25%, respectively, not to exceed \$75,000 for a single issue or multiple series under a single issue. For State Agency bonds, the issuance fee is on a scale ranging from .10% to .20%, not to exceed \$75,000 for a single issue or multiple series under a single issue.

BUILD Missouri (Business Use Incentives for Large-Scale Development) application fees are \$1,000 and non-refundable. The issuance fee is assessed as 2.5% of the bond principal with an annual fee of 0.5% of the principal portion outstanding at each anniversary date. The fee to cover legal counsel costs is 0.6% of bond principal with a minimum of \$7,500, plus out of pocket expenses.

Participation fees for the tax credit for contribution program are 4% of all contributions.

(k) Issuance of Conduit Bonds

All of the bonds issued by the Board, with the exception of the long-term debt issued for the St. Louis Conference Center Hotel (SLCCH) and the Ninth Street Garage (NSG) projects (see Note 7), are conduit obligations. Conduit obligations are special, limited obligations of the Board and the assets of the Board are not pledged to secure such bonds. The borrower pays all debt service requirements. The bonds do not constitute an obligation of the Board or the State. See Note 12 to the financial statements for further information.

(1) Cash and Cash Equivalents

Cash and cash equivalents for the combined statements of cash flows include cash, certificates of deposit, and short-term investments with original maturities of ninety days or less.

(m) Net Assets

Equity is categorized in the statement of net assets as invested in capital assets net of related debt, restricted, and unrestricted. Restricted net assets consist of net assets that are legally restricted by outside parties or by law through constitutional provisions or enabling legislation. When both restricted and unrestricted resources are available for use, generally it is the Board's policy to use restricted resources first, and then unrestricted net assets when they are needed. Unrestricted net assets consist of net assets not invested in capital assets that do not meet the definition of "restricted."

(A Component Unit of the State of Missouri)

NOTES TO FINANCIAL STATEMENTS

June 30, 2008 and 2007

(n) Classification of Operating, Non-operating, and Contributed Revenue

The Board has classified its revenues as operating, non-operating, or contributed revenues according to the following criteria:

<u>Operating revenues</u> — Include revenue sources related to the basic purpose of the Board and include interest income on loans and fees and charges for services.

Non-operating revenues — Include revenue sources unrelated to the basic purpose of the Board and include interest income on deposits and investments.

<u>Contributed revenues</u> — Include revenue related to the contributions for tax credit program authorized under state statute and received for Board-owned projects.

(o) Classification of Operating and Non-operating Expenses

The Board has classified its expenses as operating and non-operating according to the following criteria:

<u>Operating expenses</u> — Include expenses related to the basic purpose of the Board and include administrative expenses, costs associated with carrying out Board programs, depreciation, and bad debt expenses.

<u>Non-operating expenses</u> — Include expenses related and unrelated to the basic purpose of the Board. May include expenses related to the basic purpose of the Board when such expenses are financial in nature such as bond and interest expenses.

(p) Use of Estimates

The preparation of financial statements in conformity with accounting principals generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and the disclosure of contingent liabilities at the date of the financial statements and the reported amounts of revenue and expense during the reporting period. Estimates are used for, but not limited to, provisions for doubtful accounts; asset impairment; depreciable lives of capital assets and fair value of financial instruments. The Board is subject to uncertainties such as the impact of future events, economic, environmental and political factors, and changes in the business climate; therefore, actual results may differ from those estimates.

Accordingly, the accounting estimates used in the preparation of the Board's financial statements will change as new events occur, as more experience is acquired, as additional information is obtained and as the Board's operating environment changes. Changes in estimates are made when circumstances warrant. Such changes and refinements in estimation methodologies are reflected in reported results of operations; if material, the effects of changes in estimates are disclosed in the notes to the financial statements. Accordingly, actual results may differ from those estimates.

(A Component Unit of the State of Missouri)

NOTES TO FINANCIAL STATEMENTS

June 30, 2008 and 2007

2. DEPOSITS AND INVESTMENTS

As of June 30, 2008 and 2007, the Board had the following investments:

	200	8	2007			
Investment type	Carrying Value	Weighted Average	Carrying	Weighted Average		
Investment type:		Maturity	Value	Maturity		
U.S. Treasuries	\$ 1,000,000	0.1250	\$ 1,025,000	0.2500		
U.S. Government Bonds	500,000	0.6167	500,000	0.6167		
U.S. Government Agency Discount Notes	33,903,442	0.2890	66,749,426	0.1886		
Overnight Repurchase Agreements	562,279	0.0028	2,022,713	0.0028		
Total Fair Value	\$ 35,965,720		\$ 70,297,139			

<u>Interest rate risk</u> - In accordance with its investment policy, the Board manages its exposure to declines in fair values by only investing in obligations that return initial purchase prices and the earned interest. This practice eliminates exposure to declines in fair values.

<u>Credit risk</u> - The Board's policy is to only invest in obligations of the United States or its agencies, insured or secured certificates of deposits, secured repurchase agreements, and state or political subdivision obligations with the two highest credit ratings issued by nationally recognized statistical rating organizations (NRSROs). Policy prohibits the purchase of any investments that do not meet the above mentioned criteria. As of June 30, 2008 and 2007, all of the Board's investments were rated AAA by Standard & Poor's and Aaa by Moody's Investors Service. The Board does not hold corporate bonds and does not participate in investment pools.

<u>Concentration of credit risk</u> – Due to the unusually conservative nature of the Board's investment policy the Board is not at risk due to concentration.

<u>Custodial credit risk – investments</u> – For an investment, this is the risk that, in the event of the failure of the counterparty, the Board will not be able to recover the value of its investments. As of June 30, 2008 and 2007, there is no custodial credit risk for the Board's investments due to the Board's investment policy which prohibits obligations not fully secured.

<u>Custodial credit risk – deposits</u> – In the case of deposits, this is the risk that in the event of a bank failure, the Board's deposits may not be returned to it. As of June 30, 2008 and 2007 the Board's deposits were fully covered by FDIC insurance and government-backed securities.

As required by Missouri law, the depository banks pledge securities, in addition to the Federal Depository Insurance Corporation insurance, to equal or exceed the amount on deposit at all times. As of June 30, 2008, securities with a total fair value of \$39,583,462 are held in a joint custody account with the Federal Reserve Bank. As of June 30, 2007, securities with a total fair value of \$7,570,619 are held in a joint custody account with the Federal Reserve Bank.

(A Component Unit of the State of Missouri)

NOTES TO FINANCIAL STATEMENTS

June 30, 2008 and 2007

As of June 30, 2008 and 2007, the Board's deposits were collateralized as follows:

	 2008	2007
Insured by the FDIC	\$ 475,907	\$ 433,741
Collateralized with securities pledged by the financial institutions	27,447,638	7,000,819

3. LOANS, NOTES RECEIVABLE AND ALLOWANCE FOR LOAN LOSSES

Direct loans through the Industrial Development and Reserve Fund represent loans to individual companies and political subdivisions in Missouri. Direct loans through the Infrastructure Development Fund represents three percent loans made to local political subdivisions.

Loans and notes receivable at June 30, 2008 and 2007, are as follows:

	2008					2007				
		Current		ong-term		Current	Long-term			
Industrial Development										
and Reserve Fund	\$	125,000	\$	17,269,849	\$	3,362,000	\$	17,503,653

Less: allowance for doubtful loans		-		12,795,642		123,132		12,862,037		
Total loans and notes receivable, net	\$	279,091	\$	6,024,958	\$	3,905,499	\$	6,237,003		

(A Component Unit of the State of Missouri)

NOTES TO FINANCIAL STATEMENTS

June 30, 2008 and 2007

4. RESTRICTED ASSETS

In September 1992, the Board issued \$15,000,000 of bonds for a Series 1992-A Infrastructure Facilities Revenue Bond Program. The Board was required to deposit, from existing funds, \$25,000 in a separate issuer account. During fiscal year 2008, the entire \$25,000 was refunded to the Board.

In June 1999, May 2000, December 2003, and April 2004, the Board placed unrestricted Board funds of \$500,000 into Second Loss Debt Service Reserve Funds for each of its four infrastructure bonds, for a total of \$2,000,000. During fiscal year 2007, \$500,000 was refunded to the Board; as a result \$1,500,000 remains in the Second Loss Debt Service Reserve Funds at June 30, 2008.

In December 2000, the Board issued \$39,555,000 of bonds to fund a loan for the St. Louis Conference Center Hotel and land and construction costs for the hotel's parking garage. The restricted assets held for this project as of June 30, 2008 and 2007, are reserved as a contingency for the garage portion of the project, for a total of \$1,059,649 and \$977,249, respectively.

In October 2004, the Board issued \$16,500,000 of bonds to fund the construction of the Ninth Street parking garage associated with the Old Post Office Building renovation. The Board was required to deposit \$1,501,000 in a cash collateral account for the OPO project. Any investment earnings on the balance outstanding are credited to the Industrial Development and Reserve Fund.

Contributions received for tax credits on behalf of other entities are treated as conduit transactions, with the amount of unspent contributions recorded as restricted cash with a corresponding liability.

Restricted assets consist of the following as of June 30, 2008 and 2007:

	2008	2007
Infrastructure Bond Debt Service Reserve Funds	\$ 1,500,000	\$ 1,525,000
Tax credit for contribution deposits (Note 6)	21,203,714	43,331,832
Old Post Office construction and reserve		
deposits (Note 10)	1,575,285	1,710,203
Total restricted assets - Industrial Development		
and Reserve Fund	\$ 24,278,999	\$ 46,567,035
	2008	2007
St. Louis Conference Center Hotel		
reserve deposits (Note 9)	\$ 1,420,023	\$ 746,575
Ninth Street Garage construction and		
reserve deposits (Note 10)	1,299,539	2,827,548
Kansas City Library Garage construction		
deposits (Note 10)	-	37,134
Total restricted assets – Parking Garage Fund	\$ 2,719,562	\$ 3,611,257

(A Component Unit of the State of Missouri)

NOTES TO FINANCIAL STATEMENTS

June 30, 2008 and 2007

5. CAPITAL ASSETS

During August 1989, the Board received a \$2,400,000 contribution from a taxpayer to acquire and renovate a vacant, historic hotel building in downtown Kansas City, Missouri as part of a multi-block redevelopment effort. In conjunction with this purchase, the Board signed a twenty-year lease with the United Way of Kansas City (the "United Way") to rent the office space within the building upon completion of the renovation. The lease provides for monthly rental payments of \$2,084, with an option to purchase the building at the end of the lease term (August 15, 2009) for \$1,200,000. The lease is accounted for as an operating lease and the building and contribution have been recorded as land and building and invested in capital assets.

During 2000, the Board used a \$6,000,000 contribution from a taxpayer and \$21,100,000 in bond proceeds to purchase land and begin construction of a parking garage adjacent to the St. Louis Conference Center Hotel. When the Parking Garage Fund was established during 2003, this contribution was transferred from the Industrial Development and Reserve Fund. The garage began operations during August 2002.

In addition, during 2004 and 2003, the Board used \$6,800,000 in contributions received pursuant to the Board's tax credit for contribution program to fund construction of a parking garage to support the new downtown headquarters for the Kansas City Public Library. The garage began operations during April 2004. The garage was contributed in May 2008 to the Kansas City Urban Public Library District.

In April 2003, the Board used a \$10,000,000 contribution from a taxpayer and began participating in two related redevelopment projects in downtown St. Louis, Missouri. The first project, commonly referred to as the "Old Post Office Project" or the "OPO Project," consists of the acquisition and renovation of a historic structure in downtown St. Louis known as the U.S. Custom House and Old Post Office. The second project consists of the acquisition and demolition of the Century Building and the construction of parking garage located to the west of the OPO Project. This project is known as the "Ninth Street Garage Project" or the "NSG Project." The OPO and NSG Projects are separate and distinct projects for purposes of financial reporting but integrally linked for development and operational purposes.

The Board acquired title to the OPO Project on October 13, 2004 from the General Services Administration of the United States of America at no cost to the Board. The Board then executed a 99-year lease of the OPO Project with St. Louis' U. S. Custom House and Post Office Building Associates, L.P., a Missouri limited partnership (the "OPO Master Lessee"). In connection with the financial closing of the OPO Project on October 14, 2004, the Board made a subordinated loan to the OPO Master Lessee in the amount of \$12,750,000 to assist in the financing of the OPO Project. The current balance is \$12,649,673. Per the master lease agreement, costs previously recognized as construction in progress were reclassified to the loan balance outstanding. Pursuant to the OPO Master Lease, the Board has an option to purchase the OPO leasehold interest from the OPO Master Lessee at the greater of the fair market value or the development debt outstanding beginning in 2014. Renovation of the OPO Project was completed in late 2006.

The NSG Project is owned by the Board and consists of the development and construction of a 1,050 space parking garage located on the west side of Ninth Street directly across from the OPO Project. The land was purchased in April, 2003. The Board has entered into long-term parking leases with tenants of the OPO Project and with surrounding businesses and building owners. The NSG Project was completed in 2007.

(A Component Unit of the State of Missouri)

NOTES TO FINANCIAL STATEMENTS

June 30, 2008 and 2007

Capital asset activity for the year ended June 30, 2008, was as follows:

		Balance			Balance

NOTES TO FINANCIAL STATEMENTS

June 30, 2008 and 2007

6. TAX CREDIT FOR CONTRIBUTION DEPOSITS

One of the Board's programs is the Tax Credit for Contribution program. Through this program, the Board is authorized to grant tax credits in an amount equal to fifty percent of contributions accepted by the Board. Eligible infrastructure projects approved by the Board are granted the contributions. Contributions received by the Board are remitted to fund the project upon requests supported by proof of eligible reimbursable project expenditures or used to fund projects owned by the Board. Contributions on deposit with the Board are reflected as restricted assets and a liability in the accompanying financial statements. As of June 30, 2008 and 2007, the Board held deposits received pursuant to the Tax Credit for Contribution program of \$21,203,714 and \$43,217,221, respectively.

7. LONG-TERM DEBT

Summary of debt held as of June 30, 2008 and 2007, is as follows:

	2008	2007
\$6,500,000 St. Louis Convention Center Hotel Series 2000B, taxable infrastructure facilities revenue bonds; and \$14,600,000 St. Louis Convention Center Hotel Series 2000C, tax exempt infrastructure facilities revenue bonds. Remaining principal is due December 1, 2021.	\$ 15,350,000	\$ 15,350,000
\$9,500,000 Ninth Street Garage Series 2004A, taxable infrastructure facilities revenue bonds; and \$7,000,000 Ninth Street Garage Series 2004B, tax exempt infrastructure facilities revenue bonds. Due in annual installments of \$240,000 to \$545,000 beginning October 1, 2008 through October 1, 2034, plus interest up to 10%.	16,500,000	16,500,000
Total	\$ 31,850,000	\$ 31,850,000

Changes in long-term debt for the year ended June 30, 2008, were as follows:

	Balance			Balance	Due within
	June 30, 2007	Additions	Reductions	June 30, 2008	one year
Infrastructure facilities					
revenue bonds	\$ 31,850,000	\$ -	\$ -	\$ 31,850,000	\$ 240,000

(A Component Unit of the State of Missouri)

NOTES TO FINANCIAL STATEMENTS

June 30, 2008 and 2007

Changes in long-term debt for the year ended June 30, 2007, were as follows:

	Balance			Balance	Due within
	June 30, 2006	Additions	Reductions	June 30, 2007	one year
Infrastructure facilities					
revenue bonds	\$ 31,850,000	\$ -	\$ -	\$ 31,850,000	\$ -

St. Louis Convention Center Hotel Series 2000B and 2000C:

The annual debt service requirements as of June 30, 2008 are as follows:

	Principal	Interest	Total
2009	\$ -	\$ 320,048	\$ 320,048
2010	<u></u>	320,048	320,048
2011	-	320,048	320,048
2012	-	320,048	320,048
2013	-	320,048	320,048
2014	-	320,048	320,048
2015	-	320,048	320,048
2016	-	320,048	320,048
2017 - 2021	15,350,000	1,600,238	16,950,238
Totals	\$ 15,350,000	\$ 4,160,618	\$ 19,510,618

The bonds have mandatory sinking fund redemptions that are the equivalent of maturing principal as indicated above. The annual debt service schedule above assumes an interest rate of 2.085% representing the interest rate at June 30, 2008. The actual interest paid during 2008 and 2007 averaged 3.732% and 4.503% respectively.

The bonds bear interest at a daily, weekly, commercial paper, long-term or fixed rate. When the bonds are in a daily, weekly, commercial paper, long-term or fixed rate period, the interest rate on bonds will be determined by the remarketing agent as the lowest rate of interest which in its judgment will cause the bonds to have a market value, as of the date of determination, equal to the principal amount of the bonds, taking into account prevailing market conditions.

The rate cap agreements purchased during closing of the financing for the St. Louis Convention Center Hotel and Garage project were 8.5% on the Series B bonds and 6.7% on the Series C bonds with an expiration date of December 1, 2007. The Board did not renew the rate cap during fiscal year 2008.

In March 2004, the Board made principal payments for Series B bonds and Series C bonds in the amount of \$1,300,000 and \$1,700,000, respectively. These payments were used to offset scheduled debt service payments for years 2006 through 2016.

(A Component Unit of the State of Missouri)

NOTES TO FINANCIAL STATEMENTS

June 30, 2008 and 2007

In November 2005, the Board made principal payments for Series B bonds and Series C bonds in the amount of \$1,290,000, and \$1,460,000 respectively. These payments offset debt service payments for years 2017 through 2020, and a small portion of 2021.

Ninth Street Garage Series 2004A and B:

The annual debt service requirements as of June 30, 2008 are as follows:

	Principal	Interest	Total
2009	\$ 240,000	\$ 1,674,750	\$ 1,914,750
2010	255,000	324,902	579,902
2011	270,000	319,421	589,421
2012	285,000	313,635	598,635
2013	305,000	307,444	612,444
2014	325,000	300,846	625,846
2015	345,000	293,843	638,843
2016 - 2020	2,115,000	1,345,992	3,460,992
2021 - 2025	2,905,000	1,084,934	3,989,934
2026 - 2030	4,005,000	726,131	4,731,131
2031 - 2035	5,450,000	233,450	5,683,450
Totals	\$ 16,500,000	\$ 6,925,345	\$ 23,425,345

The bonds have mandatory sinking fund redemptions that are the equivalent of maturing principal as indicated above. As security for the reimbursement of the bank, the Board is required to maintain unrestricted cash balances and investments on its balance sheet equal to the lesser of \$10,000,000 or 61% of the principal amount of the bonds until such time as the net cash flow from the project is a least 1.25 times debt service on the bonds for two consecutive years. Thereafter, the Board is required to maintain unrestricted cash balances and investments on its balance sheet of not less than \$2,000,000. In addition, the Board must maintain a ratio of total adjusted liabilities to total net assets of 1.5:1.

The annual debt service schedule above assumes an interest rate of 2.03% representing the interest rate as of June 30, 2008. The actual interest paid during 2008 and 2007 averaged 3.72% and 4.48%, respectively.

The bonds bear interest at a daily, weekly, commercial paper, long-term or fixed rate. When the bonds are in a daily, weekly, commercial paper, long-term or fixed rated period, the interest rate on bonds will be determined by the remarketing agent as the lowest rate of interest which in its judgment will cause the bonds to have a market value, as of the date of determination, equal to the principal amount of the bonds, taking into account prevailing market conditions. The Board has the option in the future to restructure the bond debt to acquire a fixed interest rate.

(A Component Unit of the State of Missouri)

NOTES TO FINANCIAL STATEMENTS

June 30, 2008 and 2007

8. RENTAL INCOME

Future minimum rental income on non-cancelable operating leases is as follows:

	Industrial Development & Reserve Fund		Par	Parking Garage Fund	
2009	\$	25,008	\$	1,097,262	
2010		3,126		1,097,262

2023-2027		-		4,382,410	
2028-2032		₩		3,558,910	
2033-2037		-		3,333,910	
2038-2042		-		3,333,910	
2043-2047	Management	-	B	3,600,991	
Totals	\$	28,134	\$	32,041,729	

The Industrial Development and Reserve Fund building located in downtown Kansas City is leased by the United Way of Greater Kansas City. The carrying value of the building is \$2,400,000 and accumulated depreciation as of June 30, 2008 and 2007, was \$1,130,000 and \$1,070,000, respectively. The lease expires August 15, 2009.

The Parking Garage Fund's SLCCH parking garage is an 880-space garage constructed by the Board to support the St. Louis Convention Center Hotel project in downtown St. Louis. The carrying value of the garage is \$21,913,825 less accumulated depreciation of \$2,545,028 and \$2,114,882 as of June 30, 2008 and 2007, respectively. The hotel operator leases a minimum of 375 spaces with the option of leasing up to 275 additional spaces with proper notice. The minimum lease payment for the hotel's use of the garage is \$554,282 per year with an expiration date of February 15, 2048. In addition to the hotel, the nearby Merchandise Mart, a mixed-use development with apartments and retail space, has a lease for up to 118 spaces in this parking garage with minimum annual lease payments of \$25,000 through August 2, 2021. Also, the Roberts Old School House Lofts, L. P. has a lease for 75 spaces in this garage with annual lease payments of \$112,500 with an expiration date of August 26, 2009 and renewable for five consecutive five year periods on each expiration date.

The Parking Garage Fund's NSG parking garage is a 1,050-space garage constructed by the Board to support the Old Post Office project in downtown St. Louis. The carrying value of the garage is \$32,463,828, less accumulated depreciation of \$1,023,616 as of June 30, 2008. Leases have been negotiated with the Eastern District Court of Appeals, Webster University, Frisco Associates, Pyramid Construction, Talley Properties, L.L.C., and Roberts Old School House Lofts, L.P. and others. A total of 374 spaces are subject to the corresponding leases. The estimated minimum lease payments for all negotiated leases on the Ninth Street Garage total \$1,097,262 per year with expiration dates from 2011 through 2047.

(A Component Unit of the State of Missouri)

NOTES TO FINANCIAL STATEMENTS

June 30, 2008 and 2007

9. CONTRIBUTED ASSETS

No contributed revenue was received during the year ended June 30, 2008.

During the year ended June 30, 2007, the Board received \$225,000 in the Industrial Development and Reserve Fund for benefit of the OPO project. No tax credits were awarded upon receipt of this donation.

10. CONTRIBUTIONS TO OTHERS

In fiscal year 2008, the Board sponsored the inaugural race of the Tour of Missouri. During fiscal year 2008 the Board approved \$950,000 in funds for this annual event. Research conducted by the University of Missouri Tourism Economic Research Initiative (TERI) estimated an economic impact of \$26.2 million in tourism expenditures.

In February 2008, the Board approved the contribution of the Kansas City Library Garage (KCLG) to the Kansas City Urban Public Library District in exchange for \$425,000 to be paid to the Board. The KCLG property, plant and equipment was held on the Board's books at \$10,173,762, net of depreciation as of the closing date of the sale, May 31, 2008. The net contribution of the KCLG was \$9,763,892. See note 5 for discussion of the KCLG.

11. LEASE AGREEMENTS

(a) Office Lease Obligation

In October of 2004, the Board entered into a lease with Hotel Governor of Jefferson City, L.L.P, to lease 3,501 square feet on the 10th Floor of the Governor Office Building. The lease is an operating lease with the exception of depreciable tenant improvements in the amount of \$56,210. The lease term is 10 years. During fiscal years 2008 and 2007, \$53,472.78 and \$51,915.33 was paid, respectively.

Future minimum lease payments for this lease are as follows:

2009	\$ 55,077
2010	56,729
2011	58,431
2012	60,184
2013	61,990
2014	63,849
2015	 16,079
Total minimum lease obligation	\$ 372,339

(A Component Unit of the State of Missouri)

NOTES TO FINANCIAL STATEMENTS

June 30, 2008 and 2007

(b) Copier Lease Obligation

In December of 2007, the Board entered into a lease with Gibbs Technology Leasing, L.L.C. to lease copier equipment. The lease is accounted for as an operating lease. The term of the lease is four years. Future minimum lease payments for this lease are as follows:

2009	\$ 4,464
2010	4,464
2011	4,464
2012	 2,232
Total minimum lease obligation	15,624

(c) KC Overhaul Base Lease

In December 2004, the Board accepted a contribution from the EDC Loan Corporation (EDC), a not-for-profit organization, consisting of an assignment of a 50 year leasehold interest in the Kansas City Overhaul Base located adjacent to the Kansas City International Airport (the "Overhaul Base"). This leasehold interest was originally held by the City of Kansas City (the City) and then was contributed to EDC, a related organization of the City, by the City.

EDC's contribution to the Board of the leasehold interest was valued by an independent appraiser at \$32,000,000. In return, the Board issued a total of \$16,000,000 in contribution tax credits to EDC. These tax credits were sold by EDC at the direction of the Board to independent parties. The tax credits were sold by EDC as follows: \$5,333,333 on March 3, 2005; \$5,333,333, on July 2, 2005; and \$5,333,334 issued on June 30, 2006. The Board paid the proceeds from the tax credit sales to the City to be used by the City for payment of a bond issued by the City for the renovation of the Overhaul Base.

In addition, the City and the Board entered into an assumption agreement as of December 31, 2004 with the City assuming all responsibility and liability relating to ownership, management and operations of the Overhaul Base. As a result of this assumption of the leasehold interest by the City, the Board has no assets or liabilities related to the leasehold interest recorded in its financial statements.

(d) State of Missouri Acting by and Through Its Office of Administration

In November 2005 and May 2006, the Board issued Series 2005 and 2006 Leasehold Revenue Bonds for the benefit of the State of Missouri Office Buildings Project. With the proceeds of the bonds, the Board purchased four office buildings, which it then leased, on a net basis, to State of Missouri through its Office of Administration (OA) for the term of the debt 25 years, subject to annual state appropriation of lease payments needed to retire the fixed rate, level amortization, bonds. The Board transferred its interests in the lease agreement and security interest in the buildings to the bond trustee through a trust indenture.

Bond payments are to be paid exclusively from rent revenues received. In addition, payment of the bonds is insured by a municipal bond new issue insurance policy. The bonds do not constitute a debt or liability of the Board.

Upon request, the State has the option to purchase the buildings. Furthermore, once bonds are paid in full, ownership defers to the lessee. Generally, the State retains all rights and obligations of ownership of the buildings.

(A Component Unit of the State of Missouri)

NOTES TO FINANCIAL STATEMENTS

June 30, 2008 and 2007

As a result, the Board has excluded the buildings and related debt from its financial statements.

12. COMMITMENTS AND CONTINGENCIES

(a) Loan Guarantees

The Board has guaranteed repayment to the financial institution holding the loan of up to 85% of the outstanding guaranteed balance of certain approved loans to businesses in the State. Total loans outstanding under the Loan Guarantee Program amounted to approximately \$0 and \$460,000 as of June 30, 2008 and 2007, respectively. The loan was repaid during the fiscal year ended June 30, 2008. \$391,000 was guaranteed by the Board during 2007.

(b) Irrevocable Line of Credit

As of January 13, 2006, the Board has issued an irrevocable line of credit in favor of the Missouri Department of Natural Resources ("DNR") and the United States of America acting through the Chief, Base Realignment and Closure Division Office of the Assistant Chief of Staff for Installation Management Headquarters, Department of the Army ("Army"), a line of credit in an amount not to exceed \$1,800,000, at the request and for the account of St. Louis Land Clearance for Redevelopment Authority ("LCRA").

The line of credit expires January 13, 2012; however, the expiration date may be automatically extended for a period of one year on each successive expiration date, unless, 120 days before the current expiration date, the Board or the Army notifies DNR the decision has been made not to extend the line of credit beyond the current expiration date. The line of credit bears interest at prime rate and interest payments are due on the first business day of the month with the principal due on January 13, 2012.

As of fiscal year ended June 30, 2008 there have been no draws on the line of credit and the outstanding balance is \$0.

(c) Ninth Street Garage Letter of Credit

On October 1, 2004, in connection with the construction of the Ninth Street Garage the Board established a letter of credit with Bank of America in the amount of \$16,658,220. The purpose of the Letter of credit is to reduce interest costs on the bonds and to induce the purchase of the bonds. Interest on the bonds is at an assumed rate of interest of 10% per annum. Beginning October 6, 2007, the Letter of Credit shall automatically renew for four additional one-year periods (each such one-year period constituting a "Renewal Term", with the final such Renewal Term terminating October 5, 2011), unless the Board shall no later than 90 days before the then current Expiration Date provide written notice to the Credit Bank and the Trustee of its decision not to extend the Letter of Credit. Beginning October 6, 2011, the Letter of Credit shall automatically renew for additional Renewal Terms unless the Credit Bank or the Board shall no later than 90 days before the then current Expiration Date provide written notice to the other and to the Trustee of its decision not to extend the Letter of Credit. The final Renewal Term shall terminate no later than October 5, 2034.

(A Component Unit of the State of Missouri)

NOTES TO FINANCIAL STATEMENTS

June 30, 2008 and 2007

(d) Conduit Bond Issues

As of June 30, 2008, the Board has issued \$972,012,420 in Single Issue Industrial Revenue Bonds, \$57,810,000 in Private Activity Composite Industrial Revenue Bonds, and \$1,477,570,000 in Public Purpose Capital Improvement and Refunding Leasehold Revenue Bonds. The outstanding balances on these bonds and notes as of June 30, 2008, were approximately \$684,901,278, \$0, and \$672,706,000 respectively.

As of June 30, 2007, the Board has issued \$910,262,420 in Single Issue Industrial Revenue Bonds, \$57,810,000 in Private Activity Composite Industrial Revenue Bonds, and \$1,433,475,000 in Public Purpose Capital Improvement and Refunding Leasehold Revenue Bonds. The outstanding balances on these bonds and notes as of June 30, 2007, were approximately \$424,350,328, \$135,000, and \$614,476,000 respectively.

The Board has no liability for repayment of the above revenue bonds and notes aside from reserve fund deposits and, accordingly, these bonds and notes have not been recorded in the accompanying combined financial statements. Security for the bondholders consists of the unconditional obligation of the borrowers to repay the bonds and notes, and, in certain cases, insurance, letters of credit, annual appropriation pledges, and certain funds held through trustees under the various indentures.

(e) Legal Matters - Old Post Office Litigation

On April 19, 2005 the Board (and certain other plaintiffs) filed an action against two individuals (the plaintiffs in two prior lawsuits, which have been dismissed) relating to the demolition of the Century Building, the Old Post Office and the Ninth Street Garage. The lawsuit alleges that the plaintiffs filed their lawsuits in bad faith with malicious intent. The case is in the preliminary motions phase. As of June 30, 2008, no counterclaims have been asserted against the Board or the other defendants.

(f) Risk Management

The Board is exposed to various risks of loss related to torts; theft of, damage to, or destruction of assets; errors and omissions; and workers' compensation claims. The Board carries commercial insurance for theft of assets and workers' compensation. The Board carries commercial property, comprehensive liability, and business interruption insurance policies on the St. Louis Conference Center Hotel and Ninth Street parking garages. The Board is self-insured for all other risks of loss.

The Board had no material unpaid claims, liabilities, or settlements related to any loss in any of the past three years. No substantive changes were made in the type and amounts of the Board's insurance coverage during 2008. In fiscal year 2007, the Board increased its general liability insurance to \$7 million.

(A Component Unit of the State of Missouri)

NOTES TO FINANCIAL STATEMENTS

June 30, 2008 and 2007

(g) DREAM Commitments

In August 2006 under the direction of Governor Blunt's administration, the Board, the Department of Economic Development (DED) and the Missouri Housing Development Commission (MHDC) initiated the DREAM program. As required by the program, 10 communities were selected to receive technical assistance and services to support them in their downtown redevelopment efforts. The Board has contracted with PGAV Urban Consulting to assist in the redevelopment process of the 10 chosen communities. Each community is to receive technical assistance over the course of three years. Costs of services over the next three fiscal years are estimated at \$6 million. During the fiscal year ended June 30, 2008, the Board spent approximately \$1.5 million towards the program. DED and MHDC each contributed \$300,000 towards program costs. DED has pledged to contribute \$300,000 and MHDC has pledged to contribute \$500,000 each during fiscal year 2009.

13. EMPLOYEES' RETIREMENT PLAN

(a) Defined Contribution Pension Plan

In 1993, the Board established a defined contribution pension plan, called the MDFB Simplified Employee Plan (SEP) IRA, which is currently administered by Prudential Investments, a division of The Prudential Insurance Company of America. The Board has the authority to amend or terminate the plan's provisions at any time. Contributions are discretionary and determined on an annual basis by the Board. There are no contribution requirements for employees.

Employees are eligible to participate in the plan on January 1 after service to the Board in at least three calendar years. Eligible employees are fully vested at the time of contribution. The Board contributed \$44,714 and \$55,815 for the years ended June 30, 2008 and 2007, respectively. For the years ended June 30, 2008 and 2007, the contributions amounted to 12.84% and 12.78% of the eligible employees' salaries, respectively.

(b) Deferred Compensation Plan

In 2002, the Board established a deferred compensation plan called the Missouri Development Finance Board 457 Deferred Compensation Plan (457 plan) and the deferred compensation match plan called the Missouri Development Finance Board 401(a) Deferred Compensation Match Plan (401(a) plan), which are currently administered by Nationwide Retirement Solutions, Inc.

The plans permit employees to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency. Employees are eligible to participate in the plans after one year of service to the Board and must contribute \$25 per month to receive the employer matching contribution of \$25 per month. Compensation deferred under the Plan is invested at the direction of the covered employee.

(A Component Unit of the State of Missouri)

NOTES TO FINANCIAL STATEMENTS

June 30, 2008 and 2007

14. SUBSEQUENT EVENT – DREAM COMMITMENTS

In September 2008, ten additional communities received DREAM designations to support downtown redevelopment. The new communities designated were: Boonville, Farmington, Fulton, Lamar, Lebanon, Louisiana, Macon, Stafford, Warrensburg, and Webb City. Each community is to receive technical and financial assistance over the course of three years.

STATISTICAL SECTION (UNAUDITIED)

STATISTICAL SECTION

This part of the Board's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the Board's overall financial health. The Board is a discretely presented component unit of the State of Missouri as defined by Government Accounting Standards Board (GASB) Statement No. 14, The Financial Reporting Entity. Based on GASB 14, some of the accompanying statistical section segments will include references to the State of Missouri. Such segments will be noted as such. All other information is to be deemed as attributable to the Board, and do not reflect the financial position and results of operations of the State.

Contents	<u>Page</u>
Financial Trends These schedules contain trend information to help the reader understand how the Board's financial performance and well-being have changed over time.	43-45
Revenue Capacity These schedules contain information to help the reader assess the factors affecting the Board's ability to generate its own source income.	46-47
Debt Capacity These schedules present information to help the reader assess the affordability of the Board's current levels of outstanding debt and the Board's ability to issue additional debt in the future.	48-49
Demographic and Economic Information These schedules offer demographic and economic indicators to help the reader understand the environment within the Board's financial activities take place. Due to the fact that the Board was established to serve the State of Missouri, and is a component unit as defined by Government Accounting Standards Board (GASB) Statement No. 14, The Financial Reporting Entity, demographic and economic information for the State of Missouri will be presented in this section.	50-54
Operating Information These schedules contain information about the Board's operations and resources to help the reader understand how the Boards' financial information relates to the services the Board provides and the activities it performs.	55-57
